

AGTECH SURGICAL SYSTEMS

ADVANCE CO2 INSUFFLATOR 30L

HIGH CO2 FLOW

**INBUILT
PRESSURE
REGULATOR**

**PRESSURE
SAFETY
SYSTEMS**

**INBUILT CO2
WARMER**

**HIGH FLOW
AIR MODE**

**Trusted OEM
Proven
Experience**

- Wide Range Power Input (100 – 260VAC)
- Closed-Loop System for Precise Control
- Auto-Saves Last Settings
- Integrated Warmer to Prevent CO2 Fogging
- Maintains Stable Abdominal Inflation

- Intuitive and Practical Design
- Enhanced Safety Equipped
- Rapid Response Gas Flow
- Precise CO₂ Volume Monitoring

And many many more....

Technical Specifications

PNEUMATICS

Gas	Medical-grade CO ₂
CO ₂ gas supply system	UNF 7/16"
Insulation pressure range	4 - 30 mm Hg (with 1 mm Hg accuracy)
Flow rate range	1 to 30 / Min continuous
Safety Valve	Internal over pressure release valve
Output connection	6 to 7 mm ID tube

INTERFACE

Display	7 Segment LED Display (Better Viewing angles)
Buttons	Membrane based buttons (Higher Reliability)

POWER SUPPLIES

Input Voltage	110V / 230V AC \pm 15% @ 50 - 60 Hz
Fuse Protection	5A
Power Consumption	Nominal (20W) Max (125W)

Accessories

**ISI MARKED AC
POWER CORD**

**STAINLESS STEEL
HOSE PIPE**

**SILICONE PIPE
FOR TROCAR**

**SPANNER FOR
ASSEMBLY**

**AGTECH
